WHEREAS, the Participating UN Organizations have appointed **UNDP’s Multi Partner Trust Fund (MPTF) Office** (hereinafter referred to as the “Administrative Agent”) (which is also a Participating UN Organization in connection with “Programme) in a Memorandum of Understanding (hereinafter referred to as the “MoU”) concluded between, the Administrative Agent and Participating UN Organizations on 26 June 2019, attached hereto for informational purposes as Annex C to serve as their administrative interface between donors and the Participating UN Organizations for these purposes. NOW, THEREFORE, the Donor and the Administrative Agent (hereinafter referred to collectively as the “Participants”) hereby decide as follows:

Section I

The Donor authorizes the Administrative Agent to use the Contribution for the purposes of the Programme and in accordance with this Standard Administrative Arrangement (hereinafter referred to as “Arrangement”). The Donor acknowledges that the Contribution will be co-mingled with other contributions to the Programme Account and that it will not be separately identified or administered.

The Administrative Agent will not absorb gains or losses on currency exchanges. Such amounts will increase or decrease the funds available for disbursements to Participating UN Organizations.

6. The Programme Account will be administered by the Administrative Agent in accordance with the regulations, rules, policies and procedures applicable to it, including those relating to interest.

7. The Administrative Agent will be entitled to allocate an administrative fee of one percent (1%) of the Contribution by the Donor, to cover the Administrative Agent’s costs of performing the Administrative Agent’s functions.

That separate ledger account will be administered by each Participating UN Organization in accordance with its own regulations, rules, policies and procedures, including those relating to interest⁵.

3. Where the balance in the Programme Account on the date of a scheduled disbursement is insufficient to make that disbursement, the Administrative Agent will consult with the Steering Committee and make a disbursement, if any, in accordance with the Steering Committee's decisions.

4. The Donor reserves the right to discontinue future deposits of its Contribution further to Annex B if there is: (i) failure to fulfil any obligations under this Arrangement; (ii) if there are substantial revisions of the Joint Programme Document; or (iii) if there are credible allegations of improper use of the funds in accordance with Section VIII of this Arrangement; provided however that before doing so, the Administrative Agent, the Convening Agent, the Steering Committee and the Donor will consult with a view to promptly resolving the matter.

Section III

Activities of the Participating UN Organization

Implementation of the Programme

1. The implementation of the programmatic activities which the Donor assists in financing under this Arrangement will be the responsibility of the Participating UN Organizations and will be carried out by each Participating UN Organization in accordance with its own applicable regulations, rules, policies and procedures including those relating to procurement as well as the selection and assessment of implementing partners. Accordingly, personnel will be engaged and administered, equipment, supplies and services purchased, and contracts entered into in accordance with the provisions of such regulations, rules, policies and procedures. The Donor will not be responsible or liable for the activities of the Participating UN Organizations or the Administrative Agent as a result of this Arrangement.

2. The Participating UN Organizations will carry out the activities for which they are responsible in line with the budget contained in the approved Joint Programme Document. Any modifications to the scope of the approved Joint Programme Document, including as to its nature, content, sequencing or the duration thereof by the concerned Participating UN Organization(s), will be subject to the approval of the Steering Committee. The Participating UN Organization will promptly notify the Administrative Agent through the Steering Committee of any change in the budget as set out in the approved Joint Programme Document.

⁵ Where the Administrative Agent is also a Participating UN Organization, it will need to open its own separate ledger account and transfer funds from the Programme Account to its separate ledger account.

3. Indirect costs of the Participating UN Organizations recovered through programme support costs will be seven percent (7%). All other costs incurred by each Participating UN Organization in carrying out the activities for which it is responsible under the Programme will be recovered as direct costs.
4. The Participating UN Organizations will commence and continue to conduct operations for the Programme activities only upon receipt of disbursements as instructed by the Steering Committee.
5. The Participating UN Organizations will not make any commitments above the budgeted amounts in the approved Joint Programme Document.
6. If unforeseen expenditures arise, the Steering Committee will submit, through the Administrative Agent, a supplementary budget to the Donor showing the further financing that will be necessary. If no such further financing is available, the activities to be carried out under the approved Joint Programme Document may be reduced or, if necessary, terminated by the Participating UN Organizations.
7. As an exceptional measure, particularly during the start-up phase of the Programme, subject to conformity with their financial regulations, rules and policies, Participating UN Organizations may elect to start implementation of Programme activities in advance of receipt of initial or subsequent transfers from the Programme Account by using their own resources. Such advance activities will be undertaken in agreement with the Steering Committee on the basis of funds it has allocated or approved for implementation by the particular Participating UN Organization following receipt by the Administrative Agent of signed Administrative Arrangements from donors contributing to the Programme. Participating UN Organizations will be solely responsible for decisions to initiate such advance activities or other activities outside the parameters set forth above.
8. Each Participating UN Organization will establish appropriate programmatic safeguard measures in the design and implementation of its Programme activities, thereby promoting the shared values, norms and standards of the United Nations system. These measures may include, as applicable, the respect of international conventions on the environment, on children's rights, and internationally agreed core labour standards.

Special Provisions regarding Financing of Terrorism

9. Consistent with UN Security Council Resolutions relating to terrorism, including UN Security Council Resolution 1373 (2001) and 1267 (1999) and related resolutions, the Participants are firmly committed to the international fight against terrorism, and in particular, against the financing of terrorism. Similarly, the Participants and the Participating UN Organizations recognize their obligation to comply with any applicable sanctions imposed by the UN Security Council. Each of the Participating UN Organizations will use all reasonable efforts to ensure that the funds transferred to it in accordance with the MoU are not used to provide support or assistance to individuals or entities associated with terrorism as designated by any UN Security Council sanctions regime. If, during the term of this Arrangement, a Participating UN Organization determines there are credible allegations that funds transferred to it in accordance with this Arrangement have been used to provide support or assistance to individuals or entities associated with terrorism as designated by any UN Security Council sanctions regime, it will as soon as it becomes aware of it inform the Steering Committee, the Administrative Agent and the Donor and, in consultation with the donors as appropriate, determine an appropriate response.

Section IV **Equipment and Supplies**

Ownership of equipment and supplies procured, and intellectual property rights associated with works produced, using funds transferred to the Participating UN Organization under the MoU, will be determined in accordance with the regulations, rules, policies and procedures applicable to such Participating UN Organization, including any agreement with the relevant Host Government, if applicable.

Section V **Reporting**

1. The Administrative Agent will provide the Donor and the Steering Committee with the following statements and reports, based on submissions provided to the Administrative Agent by each Participating UN Organization and the Convening Agent prepared in accordance with the accounting and reporting procedures applicable to it, as set forth in the Joint Programme Document:

- (a) Annual consolidated narrative progress reports, to be provided no later than five months (31 May) after the end of the calendar year;

2. Annual and final reporting will be results-oriented and evidence based. Annual and final narrative reports will compare actual results with expected results at the output and outcome level, and explain the reasons for over or underachievement. The final narrative report will also contain an analysis of how the outputs and outcomes have contributed to the overall impact of the Programme. The financial reports will provide information on the use of financial resources against the outputs and outcomes in the agreed upon results framework.

3. The Administrative Agent will provide the Donor, Steering Committee and Participating UN Organizations with the following reports on its activities as Administrative Agent:

- (a) Certified annual financial statement (“Source and Use of Funds”) as defined by UNDG guidelines) to be provided no later than five months (31 May) after the end of the calendar year; and

In addition, the Donor, the Administrative Agent and the Participating UN Organizations will discuss any substantive revisions to the Programme, and promptly inform each other about any significant circumstances and major risks, which interfere or threaten to interfere with the successful achievement of the outcomes outlined in the Joint Programme Document, financed in full or in part through the Contribution.

Evaluation

2. Evaluation of the Programme including, as necessary and appropriate, joint evaluation by the Participating UN Organizations, the Administrative Agent, the Donor, the Host Government (if applicable) and other partners will be undertaken in accordance with the Joint Programme Document.

3. The Steering Committee and/or Participating UN Organizations will recommend a joint evaluation if there is a need for a broad assessment of results at the level of the Programme or at the level of an outcome within the Programme. The joint evaluation report will be posted on the website of the UN in Mozambique <http://www.mz.undp.org/> and the Administrative Agent <http://mptf.undp.org>.

4. In addition, the Donor may, separately or jointly with other partners, take the initiative to evaluate or review its cooperation with the Administrative Agent and the Participating UN Organizations under this Arrangement, with a view to determining whether results are being or have been achieved and whether contributions have been used for their intended purposes. The Administrative Agent and the Participating UN Organizations will be informed about such initiatives, will be consulted on the scope and conduct of such evaluations or reviews and will be invited to join. Participating UN Organizations will upon request assist in providing relevant information within the limits of their regulations, rules, policies and procedures. All costs will be borne by the respective Donor, unless otherwise agreed. It is understood by the Participants that such evaluation or review will not constitute a financial, compliance or other audit of the Programme including any programmes, projects or activities funded under this Arrangement.

Section VII Audit

External and Internal Audit

1. The activities of the Administrative Agent and each Participating UN Organization in relation to the Programme will be exclusively audited by their respective internal and external auditors in accordance with their own financial regulations and rules. The corresponding external and internal audit reports will be disclosed publicly unless the relevant policies and procedures of the Administrative Agent or each Participating UN Organization provide otherwise.

Joint Internal Audits

2. The Internal Audit Services of the UN organizations involved in the Programme may consider conducting joint internal audits thereof in accordance with the Framework for Joint Internal Audits of UN Joint Activities, including its risk-based approach and provisions for disclosure of internal audit reports related to the Programme. In doing so, the Internal Audit Services of the Administrative Agent and the Participating UN Organizations will consult with the Steering Committee.

Cost of Internal Audits

3. The total costs of internal audit activities in relation to the Programme will be borne by the Programme.

Audits of Implementing Partners

4. The part of the Contribution transferred by a Participating UN Organization to its implementing partners for activities towards the implementation of the Programme will be audited as provided under that Participating UN Organization's financial regulations and rules, as well as its policies and procedures. The disclosure of the corresponding audit reports will be made according to the policies and procedures of that Participating UN Organization.

Section VIII

Fraud, Corruption and Unethical Behaviour

1. The Participants are firmly committed to take all necessary precautions to avoid and address corrupt, fraudulent, collusive, coercive, unethical, or obstructive practices. The

Administrative Agent and the Participating UN Organizations recognize that it is important that all United Nations staff, individual contractors, implementing partners, vendors and any third parties which are involved either in joint activities or in those of the Administrative Agent or Participating UN Organization (such individuals and entities being hereinafter referred to, together as the “Individuals/Entities”, and individually as the “Individual/Entity”) must adhere to the highest standard of integrity as defined by each relevant UN organization. To this end, the Administrative Agent and each Participating UN Organization will maintain standards of conduct that govern the performance of the Individuals/Entities, to prohibit practices which are contrary to this highest standard in any activity related to the Programme. If an Individual/Entity is a UN organization, the Participating UN Organization engaging that Individual/Entity will rely upon that Individual’s/Entity’s standard of integrity. The Individuals/Entities must not engage in corrupt, fraudulent, collusive, coercive, unethical, or obstructive practices, as defined below.

2. In this Arrangement,

(a) “Corrupt practice” means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another individual or entity;

Investigations

3. (a) Investigations of allegations of wrongdoing by Individuals/Entities involved in the Programme which are contracted by the Administrative Agent or a Participating UN Organization will be carried out by the Investigation Service of the UN organization with which the potential subject of investigation is contracted (Administrative Agent or Participating UN Organization), in accordance with that UN organization’s internal policies and procedures.

(b)

(i) In the event that the Investigation Service of the Administrative Agent determines that an allegation in relation to the implementation of the activities for which the Administrative Agent is accountable is credible enough to warrant an investigation, the Administrative Agent will promptly notify the Steering Committee to the extent that such notification does not jeopardize the conduct of the investigation, including but not limited to the prospects of recovery of funds or the safety or security of persons or assets.

(ii) In the event that the Investigation Service of a Participating UN Organization determines that an allegation in relation to the implementation of the activities for which that Participating UN Organization is accountable is credible enough to warrant an investigation, it will promptly notify the Steering Committee and the Administrative Agent of the Programme, to the extent that such notification does not jeopardize the conduct of the investigation, including but not limited to the prospects of recovery of funds or the safety or security of persons or assets.

(iv) In case of a credible allegation, the relevant UN organization(s) will take timely and appropriate action in accordance with its regulations, rules, policies and procedures, which may include withholding further disbursements to the Individual(s)/Entity(ies) allegedly involved in the corrupt, fraudulent, collusive, coercive, unethical or obstructive practices as defined above.

(c)

(i) The UN organization's Investigation Service reviewing the credibility of an allegation or conducting the investigation will share information as appropriate with counterpart Investigation Services of the other UN organizations involved in the Programme (Administrative Agent or Participating UN Organization) to determine the best path towards resolution of the investigation and whether the alleged wrongdoing is limited to such UN organization or whether one or more other UN organizations involved in the Programme (Administrative Agent or one or more Participating UN Organizations) may also be affected. If the relevant Investigation Services determine that more than one UN organization could be affected by the alleged wrongdoing, they will follow the procedure described below in clause (ii).

(ii) Where a potential subject of an investigation is contracted by more than one UN organization involved in the Programme, the Investigation Services of the UN organizations concerned (Administrative Agent or Participating UN Organization) may consider conducting joint or coordinated investigations, determining which investigation framework to use.

(d) Upon completion of the internal reporting on their investigation by the Participating UN Organization(s) concerned as established in their respective internal policies and procedures, the Participating UN Organization(s) will provide information on the results of their investigation(s) to the Administrative Agent and the Steering Committee. In the case of the Administrative Agent, upon completion of its internal reporting, it will provide the information on the results of its investigation to the Steering Committee. Recovery of Funds

4. If there is evidence of improper use of funds as determined after an investigation, the UN organization(s) concerned (Administrative Agent or Participating UN Organization) will use their best efforts, consistent with their respective regulations, rules, policies and procedures to recover any funds misused. With respect to any funds recovered, the Participating UN Organization will consult with the Steering Committee, the Administrative Agent and the Donor. The Donor may request that such funds be returned to it in proportion to its Contribution to the Programme, in which case the Participating UN Organization would credit that portion of the funds so recovered to the Programme Account and the Administrative Agent would return that portion of such funds to the Donor in accordance with Section X, paragraph 6. For any such funds the Donor does not

request to be returned to it, such funds will either be credited to the Programme Account or used by the Participating UN Organization for a purpose mutually agreed upon.

5. The Administrative Agent and the Participating UN Organizations will apply the provisions of Section VIII, paragraphs 1 to 4 above in accordance with their respective accountability and oversight framework as well as relevant regulations, rules, policies and procedures.

Such reports and documents may include Steering Committee approved programmes and programmes awaiting approval, fund level annual financial and progress reports and external evaluations, as appropriate.

3. The Donor, the Administrative Agent, Participating UN Organizations and the Host Government, if applicable, will endeavor to consult prior to publication or release of any information regarded as sensitive.

Section X

2. This Arrangement may be modified only by written agreement between the Participants.

3. This Arrangement may be terminated by either Participant on thirty (30) days written notice to the other Participant, subject to the continuance in force of paragraph 4 below for the purpose therein stated.

4. Notwithstanding the termination of this Arrangement, the amount of the Contribution transferred to the Administrative Agent up to and including the date of termination of this Arrangement will continue to be used to support the Programme until completion of the Programme, at which point, any remaining balances will be dealt with according to paragraph 5 below.

5. Any balance remaining in the Programme Account upon completion of the Programme will be used for a purpose mutually agreed upon or returned to the Donor in proportion to its contribution to the Programme as decided upon by the Donor and the Steering Committee.

ANNEX A⁶

Rapariga Biz – Canada Joint Programme Document

Background

65% of the population in Mozambique is younger than 25 years. Young people are the fastest growing segment of Mozambique's population, and their welfare is fundamental for advancing the human and economic development of the country. A safe passage from childhood into adulthood is the right of every person; however, adolescents and youth in Mozambique continue to face various challenges in making this transition. Adolescent girls face even additional disadvantages, related to gender inequality and discrimination.

They generally experience lower social and economic status, lower education rates and poorer health than their male peers. They are at higher risk of sexual and gender-based violence and cultural and social norms limit their power to control their sexual and reproductive health and rights, exposing them to harmful traditional practices and human rights violations, as early marriage, with negative consequences on their health and wellbeing. Once girls are married in Mozambique, only a few of them use contraception.

Target zone

The project will be expanded to the following urban and rural areas where Rapariga BIZ is not yet active:

- Nampula Province, at least 4 districts among the 13 districts not yet covered by the program (Memba, Malema, Lalaua, Ribaue, Mecuburi, Murrupula, Erati, Nacaroa, Liapo, Larde, Nacala Velha, Mogincual and Mossuril)
- Zambézia Province, at least 4 districts among the 12 districts not yet covered by the program (Gurue, Molumbo, Namarroi, Lugela, Derre, Mopeia, Luabo, Gilé, Chinde, Inhassunge, Mocubela, Mulelava)

Beneficiaries & Targets ⁷

At least more 400,000 adolescent girls and young women (aged 10-24).

- 150,000 in Zambezia Province
- 250,000 in Nampula Province

⁶ Anti-Terrorism

Any payments to implementing partners by Participating UN Organizations will be made only to implementing partners listed in Annex A to the Joint Programme Document. If a Participating UN Organization wishes to work with an implementing partner that is not listed in this Annex A, that Participating UN Organization will inform the Joint Programme Steering Committee, the Convening Agent and the Administrative Agent in writing 30 days before signing any agreement with the proposed new implementing partner. The Administrative Agent will make sure the Donor is informed in writing, no later than 30 days before any funds are transferred to the proposed new implementing partner. The list of implementing partners above will be updated as necessary without a formal amendment to the Joint Programme Document.

⁷ Sex and age-cohort disaggregation estimated/calculated based on the weights of 2007 Population Census Report and aggregate population of 2017 Population Census preliminary results under the following assumptions:

1. Base population is per 2017 Preliminary Census Results given in Aggregate per Province and District. The new district demarcations are included.
2. Establish the sex and age-cohorts weights of the Population based on the 2007 Population Census Results (INE official).
3. Calculate/Estimate/Project sex and age cohorts distribution at District level of the 2017 Preliminary Census results based on the weights in (2) above.
4. The Projected Population in (3) above must be equal to the base population as per (1) above.

The project will be based on the following approaches:

1. Health: improving adolescent girls and young women's sexual and reproductive health by providing mentorship opportunities for them based on the following components:
 - a. Safe space: this generally means a safe and girl-only space. This is important as public spaces are generally largely occupied by men. Various settings can be used as safe spaces, including dedicated program space, schools, youth centres, and even empty shipping containers.
 - b. Friends: in safe spaces social contacts and networks among girls are fostered. Many studies point to the importance of social networks for good health and as practical assets.
 - c. Mentor: mentors implement the curriculum and serve as role models for the girls. They are generally girls and young women slightly older than the girls in the program. They are selected from communities among those that provide good examples, who managed to overcome distressed events in life and to have gone further in school.
 - d. Mentorship curriculum: it will be professionalized, focuses on sexual and reproductive health, but also includes other types of life-skill development to strengthen girls' confidence, knowledge and ability to make decisions and claim their rights. It includes for example opportunities for social participation, leadership, literacy, economic empowerment and access to sexual and reproductive health services.
2. Education: provide support to adolescent girls to enrol, be retained or return to school, by paying their school fees, providing them with school materials and school uniforms. The roll out of CSE, the youth health strategy and greater understanding of mentorship by school staff.
3. Citizenship: support adolescent girls and young women to access civil registration services (for them and their children) as a right per se and as an instrument to enjoy other rights, and access to services.
4. Financial literacy: It will also build on the lessons learnt from UNFPA and the youth association Coalizão during the implementation of the economic empowerment component of Rapariga BIZ, as well as on experiences from other local CSO active in this field in Mozambique (Ahitipaluxeni) and from good practices from other countries in building economic assets for adolescent girls (Kenya and Uganda). Indicatively, it is expected that beneficiaries will be supported financially and technically for Microfinances (savings - *poupanca*), small business management, funds management, income generation interventions and vocational training (*ensino tecnico profissional*).
